Alex Example

Senior Gameplay Designer | Combat, Enemies and Encounters, Balancing

alex@example.com | (555) 010-0199 | Springfield, USA | linkedin.com/in/alex-example

Dear Harbor Light Games team,

I'm applying for the Senior Combat Designer role. This letter is fictional; it is part of the demo.

On Dungeon Delvers I owned six enemy types and two boss encounters, built them in Blueprints, and tuned them from weekly playtests. That is the work your listing describes.

Thank you for your time.

Sincerely,
Alex Example
